

ONLINE BANKING

WITH HPE CREDIT UNION

As a member of HPE Credit Union, you deserve the best financial treatment – and that's what you receive! Because we recognize your need for financial convenience, we're proud to offer you our Online Banking program. To enroll, follow the instructions on the application. Once you're enrolled into the program, you'll be able to enjoy quick and easy access to all your HPE Credit Union accounts online.

GETTING SET-UP

A temporary Online Banking "Personal Identification Number" (PIN) will be mailed to you within a few days after we receive your application. To activate your Web Banking account, visit www.hpecu.org and click on the Account Access tab. Please note that you are required to activate your account within 30 days of issue, or the PIN will be canceled (if canceled, you may reapply for a new one). Once you login with your account number and temporary PIN, you will be prompted to choose a new PIN. For security purposes, you may not use your account number, Social Security number, date of birth, telephone number or street address as your PIN.

ENJOYING CONVENIENCE

With the Online Banking program, you'll be able to review your account history and balances, find out when checks have cleared, transfer money between accounts, make loan payments and more.

HPE Credit Union accounts you can access online include your Share-Savings, Share Draft Checking, VISA® Credit Card, Christmas and Vacation Clubs, Money Market and all loans.

So turn in the application today and get ready to enjoy convenient Internet access to all your HPE Credit Union accounts!

APPLICATION FOR ONLINE BANKING
